IMPORTANT INFORMATION!

- Please inform us about your arrival date and time
- This is only a sample program and may change before or during the course.

PROGRAM

One course usually follows this preliminary schedule:

Day 1 - Arrival, meetup and short introduction;

Day 2 - theory, lunch, hands-on training on model 1;

Day 3 - Patient follow-up, theory, lunch, hands-on training on model 2;

Day 4 - Patient follow-up, Q&A, departure.

The number of models is determined by the specific procedures to be learned and the wish of the trainee.
